### KOSMODERMA LAUNCHES THE KOSMO SKINBRITE MASK ....

**Bengaluru, 29<sup>th</sup> October, 2018:** Bid adieu to all your skin woes with Kosmo SkinBrite Mask by Kosmoderma. Our urban lifestyle exposes us to pollution and the harmful rays of the sun that result in sun tan & pigmentation. With regular usage, this genie in a bottle will help tackle uneven skin tone & pigmentation woes.

The Kosmo SkinBrite Mask is specifically formulated with Niacinamide, Vitamin C, and papaya extracts which are active brightening agents and reduce everyday sun tan and damage to your skin. It also contains Vitamin E which acts as a moisturizer, leaving your skin smooth and supple.

In addition to regular usage of the mask, combining it with the Kosmoderma SkinBrite cleanser, Serum and Capsule, exfoliates the existing pigment in both superficial and deep layers and targets the pigmentation production process maintaining the results for longer durations. existing pigment in both superficial and deep layers and targets the pigmentation production process maintaining the results for longer durations.

SkinBrite mask is a pre party/pre event mask and can be used as a quick fix to uplift/rejuvenate the skin before one heads out to a party/event. Get the desired glowing skin this festive season with the Kosmo SkinBrite Mask.

Directions : Mix with water/rose water/glycerine, apply on face & neck. Keep it on for about 10 – 15 minutes and wash away with luke warm water.

The mask is available online at [www.amazon.in](http://www.amazon.in) or any of the Kosmoderma or any of the Kosmoderma Clinics. [www.amazon.in](http://www.amazon.in) or any of the Kosmoderma or any of the Kosmoderma Clinics.

**Price – INR 1000**
